FENNY STRATFORD WALK 2

Terrain

The majority of the walk is flat but there are **short inclines up to the bridges**. All of the walks are either on footpaths or leisure routes. Some care should be taken when crossing roads.

Distance

The walk is just over 1.5 kilometre in length (around 1 mile). It takes around **30-35 minutes to walk** the route at an average pace.

Footwear

All of the paths are suitable to be walked all year round in trainers or comfortable shoes. However, in the winter months, the **footpath may become slippery**, meaning more appropriate, waterproof footwear should be considered. Care should be taken when crossing the roads.

Alternative walks

If you want to extend or alter the length of your walk, the dotted lines on the map show other available paths that can be explored.
